- e) Vendor agrees to delete obsolete and discontinued products from the DIR product list on a timely basis.
- f) The price to the customer under this contract shall be the lowest price offered by vendor to any governmental entity for the same product. Any violation of this provision may result in this contract being terminated.

All payments for products purchased under this contract and any provision of acceptance of such products shall be made to vendor by the customer.

Invoices shall be submitted by vendor directly to the customer. Invoices must be timely and accurate. Each invoice must match customer's order and include any written changes that may apply, as it relates to products, prices and quantities. Invoices must include the customer's purchase order number or other pertinent information for verification of receipt of the order by the customer.

Customer will endeavor to pay within thirty days of receipt all accurate, timely and complete invoices from vendor. Payment under this contract shall not foreclose the right to recover wrongful payments.

### IX. QUOTATIONS, WARRANTIES, PRODUCT DELIVERY AND RETURN POLICIES

Vendor will adhere to their then-currently published policies concerning quotations, warranties, product delivery, and return of products sold under this contract. Policies for customer will not be more restrictive nor more costly than those policies for any other like individual, corporation, partnership, governmental entity, or other legal entity for the same product.

Vendor agrees to assign all manufacturers' warranties to customers for all products sold under this contract. With respect to products purchased under this contract, such pass-through warranties shall include warranties in compliance with the requirements of Section XXII.

### X. ADMINISTRATIVE FEE PAYMENT AND REPORTING

Vendor will pay DIR, on a monthly basis, the fee based on a percentage of the dollar value of purchases made by customers pursuant to this contract. Payment is due based on sales, net of returns and credits, to be figured at the time of invoice to Customer. Vendor will provide payment to DIR fifteen business days after the end of each month. The administrative fee is based on twenty-three hundredths of one percent (0.0023) of each sale made. For example: DIR will receive twenty-three cents (\$.23) for sales resulting from this contract totaling one hundred dollars (\$100.00). DIR will receive two dollars and thirty cents (\$2.30) for sales resulting from this contract totaling one thousand dollars (\$1,000.00).

DIR may change its administrative fee upward or downward during the term of this contract upon written notice to vendor. If DIR changes its administrative fee upward during the term of this contract, vendor may revise product prices to reflect the DIR administrative fee increase.

Vendor agrees to provide monthly contract utilization reports to the contract administrator. The reports will be due fifteen business days after the end of each month. All reports are to be submitted electronically as defined by DIR. The reports will include:

- a) A gross sales report for the period subtotaled by customer name. The report shall be accompanied with a check payable to Texas Department of Information Resources for the DIR administrative fee.
- b) A detailed sales report that includes no less than each customer, order date, ship date, manufacturer, product model, quantity, customer price, extended price, customer purchase order number, billing address, and other information as required by DIR.
- c) Applicable reports as specified in the DIR Policy on Utilization of Historically Underutilized Businesses.

The failure to file the utilization reports and fees on a timely basis shall constitute grounds for suspension of this contract or termination of this contract for cause. Vendor's liability for any breach of this Section shall not under any circumstances exceed the amount of administrative fees owed to DIR by vendor.

### XI. CONTRACT ADMINISTRATOR

DIR shall appoint a contract administrator whose duties shall include but not be limited to the following:

Volume Pricing Contract Page 4 of 10

### XIII. TRADE SHOW PARTICIPATION

Vendor understands and agrees that it must participate fully by providing a manned booth display or similar presence at no less than two trade shows or similar functions sponsored by DIR each calendar year at the Vendor's expense. - a) The logo may not be modified in any way;

Should subcontractors be used, vendor shall remain solely responsible for the performance of its obligations under this contract. All customer payments for products shall be made directly to

Volume Pricing Contract Page 5 of 10 vendor.

### XVI. DEFENSE OF INFRINGEMENT CLAIMS

The Vendor shall protect the State of Texas from any and all claims involving infringement of patents, copyrights, trade and service marks, and any other intellectual or intangible property rights in connection with the use of any product supplied by the Vendor. Vendor agrees to defend against any and all such claims at Vendor's expense, whether or not such claims become the subject of litigation. DIR will provide reasonable assistance in the defense of such claims if so requested by the Vendor, and if DIR's costs associated with such defense are paid by the Vendor.

### XVII. IMPRACTICALITY OF PERFORMANCE

A party shall be excused from performance under this contract for any period that the party is prevented from performing as a result of an act of God, strike, war, civil disturbance, epidemic, or court order, provided that the party has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance. Subject to this provision, such non-performance shall not be deemed a default or a ground for termination. A customer may terminate a purchase order if it is determined by the customer that vendor will not be able to deliver product in a timely manner to meet the business needs of the customer.

### XVIII. RECORDS AND AUDIT

Vendor shall maintain adequate records to establish compliance with this contract until the later of a period of four years after termination of this contract or until full, final and unappealable resolution of all audit or litigation issues that arise under this contract. Such records shall include documentation of the date each customer placed an order, identification of the ordering customer, the product and quantity ordered, including the name of the product and the publisher or manufacturer of the product, the price quoted to the customer for such order, the customer purchase order number, the order date, ship date, shipping address, the invoice sent to the customer relating to the order, the record of customer payment and/or balance due, the calculations supporting each administrative fee owed DIR under this contract and such other documentation as DIR may request.

Vendor shall grant access to all paper and electronic records, books, documents, accounting procedures, practices and any other items relevant to the performance of this contract to DIR, the auditors designated by DIR, including auditors of the State Auditors' Office and of the United States, and such other persons or entities designated by DIR for the purposes of inspecting, auditing and/or copying such books and records. Copies and printouts requested by DIR shall be provided by vendor without charge. DIR shall provide vendor ten business days' notice prior to inspecting, auditing and/or copying vendor's records. Vendor's records, whether paper or electronic, shall be made available during regular office hours. Vendor personnel familiar with the vendor's books and records shall be available to DIR staff and designees as needed to explain the books and records to the extent necessary for the audit or inspection to be performed. Vendor shall provide adequate office space to DIR staff during the performance of an audit.

### XIX. EQUAL OPPORTUNITY COMPLIANCE

Vendor agrees to abide by all applicable laws, regulations, and executive orders pertaining to equal employment opportunity, including federal laws and the laws of the State in which its primary place of business is located. In accordance with such laws, regulations, and executive

orders, the vendor agrees that no person in the United States shall, on the grounds of race, color, religion, national origin, sex, age, veteran status or handicap, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed by vendor under this contract. If vendor is found to be not in compliance with these requirements during the life of this contract, vendor agrees to take appropriate steps to correct these deficiencies.

Upon request, vendor will furnish information regarding its nondiscriminatory hiring and promotion policies, as well as specific information on the composition of its principals and staff, including the identification of minorities and women in management or other positions with discretionary or decision-making authority.

### XX. CONFIDENTIALITY

Vendor acknowledges that DIR is a government agency subject to the Texas Public Information Act. Vendor also acknowledges that DIR will comply with the Public Information Act, and with all opinions of the Texas Attorney Generals' office concerning this Act.

Under the terms of this contract, DIR may provide vendor with information related to DIR customers. Vendor shall comply with all DIR privacy policy guidelines, including, but not limited to, the requirement that vendor shall not re-sell or otherwise distribute or release to any party, in any manner, DIR customer information.
